

EXCLUSIVE: State Fair Director Suspended, Likely To Be Fired This Afternoon

I have learned Rick Frenette, the director of the Wisconsin State Fair, has been suspended by state Administration Secretary Scott Neitzel. The Fair Board of Directors is holding a meeting this afternoon and sources say Frenette may be fired. Frenette has been State Fair Director as long as Scott Walker has been governor and the Fair Board is appointed by the governor. It is unclear, as of now, what the reason is for Frenette's suspension.
