

EXCLUSIVE: Candidate in Brookfield Republican State Assembly Primary Is A Walker Recall Signer

I have confirmed that one of the Republicans running for the state assembly in next week's primary election in the Brookfield area is a signer of the Walker recall. Linda Boucher's signing has not been revealed until now because her name does not come up on the I Verify The Recall database. Boucher, a member of the Elmbrook School Board, signed the petition unusually, writing "Linda Boucher (Pagonis)" putting her married name in parentheses. Pagonis is her married name but she uses Boucher in her political campaigns.

Boucher is passing herself off as a conservative in her campaign and her website features photos of State Senator Leah Vukmir and Congressman Jim Sensenbrenner.

She is running in a hotly contested Republican primary for the seat being vacated by Rep. Dale Kooyenga. He's running for the senate seat Vukmir is giving up to run for the US Senate. State Treasurer Matt Adamczyk, Robin Moore and Joshua Parr are the other Republicans running.
