

EXCLUSIVE: Joe Biden To Host Event At Mitchell Airport

By Mark Belling, WISN-AM

Democratic presidential candidate Joe Biden will be hosting an event Friday at a facility on the grounds of Mitchell International Airport, the same facility President Trump was denied the ability to use.

However, Biden's event will be tiny. Airport spokesman Harold Mester says Biden will host a very small gathering of a few invited guests and will not be hosting a large rally for members of the general public. Biden's event will be at AvFlight, a company with operations at the airport.
