Subject: [EXTERNAL] My uw student

I have been a listener for at least 25 years.

My son, who is a Sophomore at Uw-Madison, came home at Christmas Spewing all the liberal talking points he learned at Madison...name it, he had it down (however, he did vote for Trump) Our family, all conservative, ganged up on him, to no avail... finally, after hours of back and forth, I said Listen to Mark Belling for a month, if you're still a flaming liberal, I will give you 500 dollars

I happy to report, you have converted my son, when no one else could... he is a devoted listener... he gets it.... and is always texting me about what topic you are discussing - it does help you talk packers, as he is a huge fan!

So, is like to give you a big thank you for saving my son from being a Marxist, and saving me 500 dollars

I think if anyone was able to hear the truth...no one would be a liberal

Sincerely

Amy
