Republican Party of Milwaukee County Releases Spring 2023 Voter Guide

West Allis, WI - Today, the Republican Party of Milwaukee County (RPMC) released its spring 2023 voter guide for the upcoming April 4th elections. The intention of this voter guide is to help conservative voters in Milwaukee County determine who they should support in statewide and local elections. RPMC Chairman Hilario Deleon released the following statement:

“For too long the radical left has had control of our courts, our municipalities, and our school boards. It’s time for the Republican Party of Milwaukee County to take a stand in these elections and support candidates who will promote good governance, back the badge, and defend parental rights. There are not a lot of candidates on this list, but that is because the RPMC has just started to work on regular voter guides. Every spring election cycle we plan to release a voter guide of candidates who have sought our support and will truly represent the interests of hardworking Wisconsinites. It’s time we stand up for our Constitutional Republic.”

Candidate	Office
